There were 7 in attendance

Treasurer's Report

Please see attachment. Adrianna Hedwall, President is currently the acting Treasurer. She announced that she will take over the treasurer's duties until the next elections. The Treasurer's report was presented and passed around. Kelly Anderson of ikandesign, LLC was paid in February for 50% of the total cost for the website, design, new logo and domain name.

Meeting schedule

Peggy Helterline reviewed with the members the April and May meetings restating that the April 14th meeting will be a list and measure of a commercial and residential structure in Guilford followed in May (date TBD) to value the commercial structure using the cost approach. The May meeting will be conducted by Michael Bekech (Assessor of Waterford) who has been teaching the CCMA IIB course for a number of years at UCONN.

A discussion ensued regarding the confliction with many organizations having their meetings in May making it difficult to schedule a date. CTAA meetings normally held on a Thursday may be held on another day of the week in May. Stay tuned.

Peggy also mentioned that we are working on having a comprehensive Personal Property workshop in October.

Membership dues

Adrianna stated that the membership dues form will be sent with this month's minutes (see attachment) for the 2011/2012 member year. Membership remains at \$25.

Additional discussions

Linda Connors from East Hampton brought up a question to the group. Of the towns represented at the meeting, who does what for the BAA? Each member in attendance gave their varying input.

The meeting was adjourned Adrianna Hedwall, seconded by Patty Campbell at 9:55am. At that time our guest speaker, Kelly Anderson of ikandesign, LLC was reintroduced and proceeded to update the group on the CTAA website.

Respectfully submitted,

Patty Campbell, Secretary
